ASSIGNMENT

C. Robert Ripplinger, having a residence and post office address of 66 East 100 North, Millville, Utah 84326, is the sole owner of the methods and apparatus disclosed and claimed in United States Patents and United States Patent Applications identified in Schedule A attached hereto, hereinafter the inventions.

The Assignee, SONOCO DEVELOPMENT, INC., a corporation of the State of South Carolina, having a principal place of business at 125 West Home Avenue, Hartsville, South Carolina 29550, desires to secure the entire right, title and interest in said inventions.

In consideration of \$1.00 and other good and valuable consideration paid by the Assignee, the receipt and sufficiency of which are hereby acknowledged, ASSIGNOR HEREBY ASSIGNS TO THE ASSIGNEE:

The entire right, title and interest in said invention, in the above-identified United States patent application and in all divisions, continuations and continuations-in-part of said applications, all previously filed provisional applications for which the present applications seek the benefit of an earlier filing date under 35 U.S.C. § 120, all reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications filed in countries foreign to the United States, and in all patents issuing thereon in the United States and foreign countries.

The right to file foreign patent applications on said inventions in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

Assignor hereby authorizes and requests the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the owner of the entire interest, for the sole use and benefit of the said Assignee, its successors, assigns and legal representatives.

Assignor hereby agrees, without further consideration and without expense to Assignee, to sign all lawful papers and to perform all other lawful acts which Assignee may request to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, substitute, reissue, and other United States and foreign patent applications on said inventions, and all lawful documents requested by Assignee to further the prosecution of any of such patent applications.

Cooperation to the best of Assignor's ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, or infringement proceedings involving said inventions.

This assignment and agreement shall be binding upon all heirs, legal representatives, and successors in interest of Assignor.
